

Restoration Warranty

At Hover Dental Group we are proud of our dental services and what they do for our patients. Our goal is to correct your dental problems and have the work we do, last for many years, to save you time and to save you from unnecessary expenses. We are confident in the durability of the treatment we prescribe for you. However, the primary key to your long-term success is how well you perform your home care: brushing, flossing, using fluoride and other prescribed products. Another key to success is regular professional examinations, cleanings, x-rays and fluoride treatments.

At Hover Dental Group every dental restoration comes with a Limited Warranty. 5 Year Limited Warranties are provided for veneers, crowns, bridges, and 3 Year Limited Warranties are provided for all fillings.

- If restorations fracture with normal use during a period of five (5) full years, or fillings fail during a period of three (3) full years from the date of initial placement we will replace or repair these at no additional fee. To keep this warranty valid, you must:
 - Keep your prescribed regular continuing care appointments (including xrays and examinations by the dentist) with no appointment varying more than (30) days of your recommended schedule.
 - Maintain your account in good standing.
 - Agree to wear a protective nighttime appliance (NightGuard) as recommended.

This warranty does not cover damage to teeth or dental restorations caused by accidents, trauma, neglect or improper use (e.g. grinding, clenching, chewing ice or biting non food items.)
